

Additional Minimum Wage Public Input and Discussion

Facilitated Public Input & Discussion Sessions by City of Saint Paul Staff

Saint Paul minimum wage facilitated public input and discussion sessions will provide an opportunity for community members to share their perspectives on raising the minimum wage.

These sessions will offer additional venues and formats for community members to provide input into the Citizens League process. Mayor's Office staff, Councilmembers, and Councilmember staff are invited to attend and observe the sessions (for gathering input, not necessarily for responding to community members).

Facilitated Public Input Session (Sessions 1 and 2)

Two facilitated public input sessions will occur concurrently with the Citizens League Study Committee process. These sessions will provide opportunities for community members to learn about the Citizens League process, hear about the history of the minimum wage, share their perspective with the Citizens League Study Committee, and create connections across a diversity of community perspectives. Data from these sessions will be collected and shared with the Study Committee. The first two public input sessions will occur on June 7th from 5:30PM-8:30PM and August 4th from 9AM-12PM.

Facilitated Public Discussion Session (Sessions 3 and 4)

Occurring after the Citizens League Phase 2 Final Report is complete, two facilitated sessions will provide opportunity for community members to discuss and respond to the Citizens League Phase 2 Final Report. The discussion sessions will occur September 15th from 9AM-12PM and September 20th from 5:30PM-8:30PM.
